Wedding Guide

Whether its 'Timeless & Traditional' or 'Sleek & Contemporary', Going Dutch Florists can create beautiful designs to reflect your individual style and budget.

Specialists in stunning bridal party flowers - bouquets & posies, buttonholes & corsages, exquisite arrangements for church and reception, pedestal displays and cake decorations - we can help you put the finishing touches to your special day.

Because your wedding is unique we would encourage you to arrange a one to one consultation with Janet. This will allow us to give you our full attention, discuss your ideas, enthral about various design possibilities and show our extensive portfolio. Please bring along any material swatches, pictures of ideas or even the actual flowers you like!

To give you some ideas of the options available our wedding price guide is shown below. Download/print it and use it as your starting point. As much as we would like to provide a fixed price list we're sure you'll appreciate that prices can vary somewhat according to your choice of flowers and their seasonal availability.

The Small Print

- A no obligation quotation will be sent to you following your initial Wedding Consultation. The remaining balance plus any Hire deposits (on a separate cheque) are due at least 4 weeks prior to the wedding date
- We will only accept changes from the person who signed the original order (normally the Bride)
- Bridal flowers will be delivered to one address only. Flowers are delivered at least 2 hours (or by arrangement) before the wedding to accommodate any distribution of buttonholes etc
- We will endeavour to supply – but cannot guarantee – specific varieties of flowers but undertake to use the freshest and best quality in the colours and tones chosen by the Bride (condition, seasonal availability and quality take preference)
- A responsible adult must take delivery of the flowers and any queries should be made at the time of delivery or within 1 hour of delivery

Planning Flowers for your Wedding Day

Flowers are a big part of Wedding celebrations and often Brides aren't sure what types of flowers are available or needed. We have put together a general checklist (below) of bouquets and designs that might be needed for your big day. This checklist is not meant to be all inclusive; it is intended as a guideline only.

Depending on your wedding budget and style of wedding you are having, you may need only a few items on this list or the vast majority. Please feel free to print out this list to use for your convenience.
